Restaurace Na Stodolci

2007—2025

homemade and fresh. that's our credo

Dear guests,

welcome to our restaurant „Na Stodolci“. Contemporary rural czech tavern which is very well aware of its location on czech/german frontier. Its location amidst meadows and grazings where local peasant doesnt grow anything as he only let his herd to graze all grass and herbs. We strive to deliver you the best culinary experience throughout entire year. Quality, freshness and seasonality are three main pillars of our philosophy. We stick to only local suppliers. What we can make ourselves we do it. Both beef and pork meat is exclusively from local farmers besides that in „bio“ quality. Venison originates in woods of Czech-Swiss and Lausen mountains. Fresh cheeses are made by Lauschkans
