PARAFIN HAND WRAP AND HAND MASSAGE

Paraffin wraps are a procedure that combines health and aesthetic effects. They have a beneficial effect on the nervous system and provide protection for the small joints, improving the condition of the joints during arthrosis. The heat improves the blood flow to the skin and has a positive effect on improving the regeneration of muscle spasms. The hands are very well rested after the wrap, which also leads to a high cosmetic effect leaving your hands smooth and velvety.
